What if the course I played is not in the Course Directory?

Sometimes you may play at a course that is not listed in the **Away Course: Course Finder**. We maintain an extensive course database but there are times when a course may not be listed. You can report missing or inaccurate course information by clicking on “**Report inaccurate course info**” link in the “**Enter Score**” under the Helpful Links area.

If the missing course is in the U.S.A., it is acceptable for you to enter the information manually. For this, you will need the name of the course and its slope and course rating for the tees played.

If the course is in Canada, the reason it is not listed in the Course Directory is because the course is not a member of the RCGA and therefore does not have an official Slope and Course Rating (despite what their website or scorecard may display). Scores at these courses cannot be entered or used in the calculation of an RCGA Handicap Factor.

To enter a score from a course not in the directory:

1. Click on “**Enter Score**”
2. On the Course List dropdown menu, click on >>**Manual Entry**<< (at the bottom of your course list)
3. Enter the course’s information for each field and enter the score.

Delete / Edit a Score

You can edit or delete your scores only within 24 hours from the time the score was posted. After this 24 hour period, only the club administrator or Association support representative can delete the score. Scores that are edited will be denoted by a “#” beside the score in the scoring record.

Are you a member at more than one club?

If you are a member at more than one club, you are required to post a score to both clubs' handicap roster in order for your Handicap Index to be legitimate. You can be setup as a Multi Member which allows the scores to be routed to your other accounts. Please contact your club administrator for additional information.

Are you changing clubs?

New members of a club are often former members of another club. If you are transferring from a club you may be able to have your account transferred to your new club thus keeping your scoring and handicap history intact. This allows you to maintain your scoring records, stats, etc. without having to re-enter them manually.

In order to transfer your account, you must contact your Golf Association support representative.
